

Call for Poster Submission

As part of the East of England Neonatal Network conference on the 8th November 2022 we would like to invite you to submit a poster.

We know there has been so much excellent QI work from all of our units during the last couple of years and we would love to hear about it so you can share your success with the region.

We welcome posters from any role and band on any project you would like to share. We are particularly eager to hear from QIS students. There will be an opportunity for the best posters to be presented at the conference and certificates for all who submit.

Guidance for submission

- Please submit to add-tr.eoeneonatalodn@nhs.net as a pdf by the 8th October
- There is no word limit or font size requirement but try to limit text –consider the reader
- Be creative—include pictures and hyperlinks which help to tell your QI story
- Relevant references should be included using a recognised referencing format.

Collaborative working to deliver high quality care to our babies and their families
