11. I would recommend this study day to a colleague?

[More Details](#)

- Yes 23
- No 0

Did you learn something today that will change your practice?

- Everything
- Yes
- Exchange transfusions and x-ray interpretation
- Updated my existing knowledge
- Management of PPHN
- Life Start, exchange transfusion
- I learnt a huge amount-it was an extremely informative day. All the topics were really relevant and covered at the right level. Thank you so much to everyone
- X-rays of abdomens
- Yes. It has given me a more structured way to look at different emergency situations
- Lots
- X-ray of abdomens very useful to see perforations. Helpful to see how to set up exchange transfusions
- Definitely
- Yes. I will also return to unit and assess what equipment we have for exchange transfusion and familiarise myself with it
- To have a leader in an emergency situation and to have an allocated roles. It was a very informative day
- Yes, a lot of excellent learning-very helpful. Talks and workshops were excellent. Both a good mix and helped consolidate learning
- Reinforce my practice blood transfusions was informative as never done one
- Yes, PPHN session was brilliant, really explained in easy to understand way
- How to care for the baby with PPHN efficiently
- The exchange transfusion practice, PPHN and NEC were very informative as we do not experience these on a regular bases. Although I learnt something new and gained confidence in all areas.
- Yes, in doing abdominal x-rays for unwell neonates, it is worth doing a lateral view for a better picture
- Yes. The type of interactive study day definitely boost the confidence of the neonatal nurse working in a level 2 setting

Is there any other feedback that you can give us which can improve the sessions on this day?

- All good
- No
- SIM scenarios are really great!
- An element focusing on reading and interpreting x-rays would be very beneficial
- Excellent day, thank you
- More time on exchange transfusion
- More procedure skills
- No, nothing to improve!
- Good length and content
- More options for lunch
- No all was good
- Well run and a good length of time. Workshops in the afternoon worked well
- No change with the organisation
- Very enjoyable day. Thank you ☺
- It was very good day. Thank you
- Please can we have a session on inserting a chest drain as well
- Well planned and delivered day. Enjoyed it and learned too
- Sample for cardiac baby
- The morning was quite a lot together, in terms of sitting down and looking at PowerPoints, could possibly split the workshops up in-between sit down/ PowerPoint sessions? Just to keep energy levels and engagement levels up
- The training day was very informative and helpful. A lot of valuable information and updates
- It was organised well and everyone was approachable and shared the knowledge extremely well
- Yes, I think the delivery would have been better had the lectures used microphones
- A microphone for the speaker as it was hard to understand them at times
